BUDGET WORK SESSION

Library Director Contreras continued discussion on the budgets for FY 13-15 and suggested that FY 13-14 budget should be used as a baseline for FY 14-15. Some revisions from the last budget work session meeting on May 18^{th,} 2013 included: an increase in passport numbers and changes to 2400 object codes for major capital improvement projects to reflect facility improvement and IT service providers. Facility improvement packet is to include the staff work room and the meeting room. Library Director Contreras asked for input on these proposed budgets before presenting to the Board at the public hearing.

PLFF MAY MEETING PRESENTATION

President Shkoler suggested selecting a designer for the capital improvement project and presenting a tentative conceptual plan at the PLFF meeting in May. There was a long discussion on what to prioritize as far as books, programs, or capital improvement to present to the PLFF members. Trustee Minter expressed concerns on dropping the book budget by 5.5% because ALA guidelines suggested staying within 10-15%. Trustee Minter suggested reevaluating staff guidelines and having a balance between hours and the quality of collection the library can provide such as books, computers, databases, and other electronic services. The conversation continued back to what should be presented to the Friends Foundation and was narrowed down to 3 essential items: programs, construction, books and materials. The Board of Trustees agreed on having another work session with plans from the designer and the PLFF Finance committee before the PLFF meeting. (Item 5)

EDMUND G. BROWN JR. . GOVERNOR

STATE CLAPITOL B ROOM 1145 B SACHAMENTO DA E 8514-4995 B WWW.DOF.CA.RDV

May 2013

Dear Fiscal Officer:

Subject: Price and Population Information

Appropriations Limit

The California Revenue and Taxation Code, section 2227, mandates the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2013, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2013-14. Attachment A provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2013-14 appropriations limit. Attachment B provides city and unincorporated county population percentage change. Attachment C provides population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. Consult the Revenue and Taxation Code section 2228 for further information regarding the appropriations limit. Article XIII B, section 9(C), of the State Constitution exempts certain special districts from the appropriations limit calculation mandate. The Code and the California Constitution can be accessed at the following website: http://leginfo.legislature.ca.gov/faces/codes.xhtml.

Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this issue should be referred to their respective county for clarification, or to their legal representation, or to the law itself. No state agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. Finance will certify the higher estimate to the State Controller by June 1, 2013.

Please Note: Prior year's city population estimates may be revised.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

MICHAEL COHEN Chief Deputy Director

Attachment

A. Price Factor: Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2013-14 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY) Percentage change over prior year

2013-14

5.12

B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2013-14 appropriation limit.

2013-14:

Per Capita Cost of Living Change = 5.12 percent Population Change = 0.79 percent

Per Capita Cost of Living converted to a ratio:

5.12 + 100 = 1.0512

100

Population converted to a ratio:

0.79 + 100 = 1.0079

100

Calculation of factor for FY 2013-14:

1.0512 x 1.0079 = 1.0595

SUBJECT: Authorize an Amendment to Placentia Library Policy 2200 - Pre-

Employment Physical Examinations

DATE:

May 20, 2013

BACKGROUND

The current Placentia Library District Policy 2200 - Pre-Employment Physical Examinations does not include the requirement of a Live Scan.

Live Scan is an inkless, electronic means of capturing fingerprints in a digitized format. This procedure is part of most hiring practices for civil applicant and background check. The images are then transmitted to the Police and/or the FBI for identification and searched against law enforcement and/or the FBI databases for criminal history. Results can be made available within hours if received electronically or 3-5 days if received by mail.

Administration recommends the following amendments to Placentia Library District Policy 2200 - Pre-Employment Physical Examinations to reflect the inclusion of a Live Scan requirement.

- Policy Title Change from Pre-Employment Physical Examinations to Pre-**Employment Requirements**
- 2200.1

from "All individuals who are offered full-time, temporary or part-time employment must successfully pass a post-job-offer pre-employment medical examination and controlled substance test by the District's physician at District Expense."

to "All individuals who are offered full-time, temporary or part-time employment must successfully pass a post-job-offer pre-employment medical examination and controlled substance test by the District's physician and the Live Scan fingerprinting, at District Expense."

Attachment A is the Placentia Library District Policy 2200 - Pre-Employment Physical Examinations.

Impact Fee: \$50-70/application

RECOMMENDATION

Authorize an Amendment to Placentia Library Policy 2200 - Pre-Employment Physical Examinations as presented to be effective June 1, 2013.

POLICY HANDBOOK

POLICY TITLE:

Pre-Employment (Physical Examinations) Requirements

POLICY NUMBER: 2

2200

2200.1 All individuals who are offered full-time, temporary or part-time employment must successfully pass a post-job-offer pre-employment medical examination and controlled substance test by the District's physician and the Live Scan fingerprinting at District expense. The District will provide the examining physician a description of the job involved to assist in a determination of the individual's fitness to work.

2200.1.1 Employment will not occur until after a negative controlled-substance test result is certified, and until after a qualified physician has certified the individual as fit to perform the type of work required by the position applied for.

2200.1.2 Employment will not occur if the individual refuses to cooperate in the examination and testing.

2200.2 Retesting of an individual who was previously employed on a temporary, part-time or full-time basis will be required if more than twelve months have elapsed since the individual's last day of work for the District.

2200.3 Appointments with the medical facility providing the examination and controlled substance testing will be made at least one day prior to testing if possible, with the individual to be tested provided minimal advance notice (no more than one day, if practical).

2200.4 When the individual to be tested reports to the medical facility for the scheduled examination and controlled substance testing, they must provide proof of identification, such as a drivers license photo or a state-issued photo identification card.

2200.5 All test results will be kept confidential and maintained at the physician's office. Applicants will be told whether they passed or failed the tests. A copy of the pass/fail report from the physician's office will be included in the individual's personnel file.

2200.6 District employment application forms will contain a notice to applicants as follows:

Placentia Library District has a policy of requiring a physician's physical fitness exam, together with drug testing of persons who have been offered employment. Individuals who are determined by the physician not to be physically fit for duty, or who test positive for controlled substances, will not be employed. If you have reason to believe that you will not pass a physician's physical examination, or will test positive for the presence of controlled substances, or if you are unwilling to consent to such an examination or test if offered employment, it is recommended that you not submit an application.
