# PROFESSIONAL DEVELOPMENT

Venessa Faber attended the SkillPath PhotoShop workshop at the Anaheim Doubletree on May 2<sup>nd</sup>. This workshop covered the many tools and creations possible with Adobe PhotoShop. Two tracks were available: basic and expert. I attended the basics course which was a little more advanced than what I consider basics so it was helpful in reminding me of certain tool capabilities and applications in the program. The instructor taught in CS6 which is a larger application than what we have, Elements 11. I really appreciated having this opportunity to attend this training because I really want to become proficient in this program so I can use my creativity on a variety of levels. I left with a lot of tips and instructions that will be of use with some practice and time. I feel that Elements works for what we are doing now, but if we want to expand our capabilities, we should consider purchasing CS6 for at least one staff computer.

SUBJECT: Continue Discussion of a possible Library Renovation for the Centennial Event

**DATE:** June 16, 2014

#### BACKGROUND

A presentation was made by Jeffrey H. Tamkin, President & CEO of Public Facilities Investment Corporation (PFIC), and Stephen E. Finney, President of CWAAIA, at the November 25, 2013 Library Board of Trustees meeting. The firm provided the Trustees with introductory information regarding capital improvement projects, such as a building renovation and/or expansion. Mr. Finney provided a presentation, displaying various library projects CWAAIA has completed and are currently working on. Mr. Finney spoke about the module concept for PLD, which would allow the Library to remain open during construction. The second floor was deemed unacceptable due to cost and complete closure of the Library. Mr. Finney estimates the cost would be \$300-\$350 per square foot plus internal improvement costs like shelving, etc. Access and number of toilets drive how big the project can get. Restrooms costs are typically the most expensive per square foot.

In 2007, a Facility Master Plan was developed "to determine the long term library facility requirements to serve the needs of the Placentia Library District." The Facility Master Plan was based on a 44,680 square foot library from the current 22,800 square foot building. The District conducted a community survey last month and one of the highest rating critical elements was library renovation and expansion. Patrons have indicated that the library was old and outdated. The Placentia Library will be celebrating its centennial in 2019, and the existing building is nearly 40 years old. The Library Board of Trustees needs to determine if a renovation should be pursued as part of the Centennial Celebration.

At the April 21, 2014 Library Board of Trustees meeting, staff was directed to contact the California Special District Association (CSDA) for financing options for a possible renovation. After reviewing the District's current and past three budgets and audits, CSDA Finance Corporation concluded the District qualifies for a \$5M capital improvement project. In addition, staff also contacted PFIC for additional financing consideration. A \$5M loan from CSDA Finance Corporation would result in an annual loan payment of \$376,099 at a 4.25% interest rate on a 20-year term. PFIC offers a 3.74% interest rate for the same 20-year term with an annual loan payment of \$368,116; a variance of 2.2% or \$7,983 annually or \$159,660 for 20 years.

The District has approximately \$1.9M in investments and reserves with the County of Orange Treasurer, excluding \$374,419 of Library Impact Fees. Financing options for the renovation project can include a portion of the available funds with the County of Orange, the assistance from the Placentia Library Friends Foundation for a capital campaign, and a bond or parcel tax ballot. There will be an initial investment of \$200,000 to start a capital project which includes costs for consultants and architectural and engineering drawings for the master plan. This process will provide an indication of the success rate of a bond or parcel tax measure and whether a capital project is feasible.

At the May 19, 2014 Library Board of Trustees meeting, staff was directed to explore other financing options to be presented and discussed at the June 16, 2014 meeting. The Library Director spoke with representatives from the Placentia Yorba Linda School District and the Santa Clara County Library District. Each agency provided consultants they have worked with that secured successful bonds and parcel tax for the agencies.

Mr. Adam Bauer worked with the Placentia Yorba Linda School District and will be present to provide additional information about his involvement with the school district.

Attachment A is a brief biography about Mr. Bauer.
