
PLACENTIA LIBRARY DISTRICT BOARD OF TRUSTEES

TO: Library Board of Trustees
FROM: Elizabeth D. Minter, Library Director
SUBJECT: Library Director's Report 
DATE: February 21, 2006

Activities Report:

Jan 12 Met with Trustee DeVecchio to discuss Foundation Strategic Planning session.

Participated in the Foundation Board of Directors Annual Meeting.

Jan 14 Saturday manager at the Library.

Jan 16 Participated in Library Board Meeting.

Jan 20-23 Attended the American Library Association Midwinter Meeting in San Antonio.

I spend most of my time in the Exhibits and attending vendor presentations at various locations. My primary area of interest was point of sale vendors, database vendors and new library system technologies.

On Saturday I attended a SIRSI/DYNIX presentation regarding a new software service it is marketing to control the use of band width so the public internet users cannot slow down the staff library system users.

I attended a presentation by Envisionware on point of sale issues. Since Placentia is using its pc reservation system it is a natural like to use them for home payment of fines and fees by credit card.

I attended a wonderful presentation by AquaBrowser. This is a trend that will go national in a year or two and Placentia and Anaheim could be one of the firsts on the west coast.

I talked with OCLC and Baker & Taylor about my dissatisfaction with the e-book title selections – they are too academic for our users. We are likely to drop this offering unless something is done to add the Random House and other popular reading, best seller titles.

I had dinner with Prof. Terry Weech, Campaign-Urbana, former public library professor from the University of Iowa, and we had a great discussion on the issue of library school programs for public librarians. An increasing number of faculty are information technology specialists and have no “librarian” training. The trend is that

many library school graduates have never taken any cataloging or bibliographic classes. This is impacting their capacity to organize things that are not actually on a computer.

- Jan 24 Hosted a Library manager luncheon at the Summit House.
- Jan 26 Participated in a Foundation Planned Gift interview with a potential donor facilitated by Devon Doherty, Long Beach Memorial Medical Foundation.
- Jan 27 Participated in the California Library Association Legislative Day in the District with a visit to Senator Bob Margett and Jim Starkey with Library Board President Shkoler, Trustee Turner and Public Services Manager Roberts.
- Feb 2 Participated in the Santiago Library System Executive Council Meeting at the Yorba Linda Library.
- Feb 4 Facilitated the Strategic Planning tabletop exercise with the Library Board and members of the Committee.
- Feb 6 Met with Russ Rice, Jean Lasley and Laranne Remling to discuss a Foundation Board Development issue.
- Participated in the Friends Strategic Planning Session with Jeff Wilcox.
- Feb 7 Participated in the Executive Committee Meeting of the Independent Special Districts of Orange County.
- Feb 8 Met with Foundation President Lasley to discuss the Friends Strategic Planning Session and the Feb 28 joint meeting of the Friends and Foundation.
- Feb 9 Attended the Placentia Yorba Linda Unified School District Educational Forum.
Attended the Foundation Board of Directors Meeting.
- Feb 10 Attended the Friends Book Store volunteer appreciation event.
- Feb 11 Saturday Manager at the Library.
- Feb 13 Attended a Foundation/Friends database software demonstration online in the Library.

Staff Meetings:

- Jan 18 Wendy distributed the safety booklet on Stress and announced the Public Library Staff Education Grant applications for 2006-2007. Laranne reported on the plans for the Author's Luncheon. Vernon reported on the progress of the new Library web site.
- Feb 1 Strategic Planning tabletop exercise.

- Feb 15 Wendy announced the perfect attendance awards for October-December, 2005, and discussed new personnel form for leave requests. Laranne and Yesenia reported on the status of the withdrawal of the Yorba Linda Library from the Tri City Library Network database. On behalf of Vernon I announced a staff contest for a name for the home/office based library services with the selection to be made at the April 5 staff meeting. Wendy distributed a safety booklet on workplace violence.

SUBJECT: Placentia Library Literacy Services (PLLS) Activities Report for the month of January.

Tutor Training. There was one tutor training workshop in January and another in February, and twenty-four tutors were trained. All new volunteer tutors are matched or pending match.

Families for Literacy (FFL) Program Status. We had no FFL programming in December.

Placentia Rotary Reading Enrichment Program (PRREP). PRREP started again this school year early October. Thus far, we have recruited more than 100 PRREP tutors from El Dorado High School and Valencia High School, and they are again participating in the program this school year.

Update on the two new PLLS homework clubs. The Topaz-Tuffree Homework Club at Topaz Elementary School is averaging around 20 students every Monday-Thursday from 4-6 PM. At the Homeless Intervention Shelter (H.I.S. House), we are averaging twelve (12) school-age children Tuesday, Wednesday, and Thursday from 6:30-8:00 PM.

English Language and Literacy Intensive (ELLI) Program Update. We started ELLI again this school year in September. We have ELLI active at three elementary schools: Ruby Drive, and Topaz, and Tynes, and we presently have six tutors who are working with almost 200 grade school students.

Grant Update. Our grant writer, Machoskie & Associates submitted a letter of inquiry to Boeing in December.

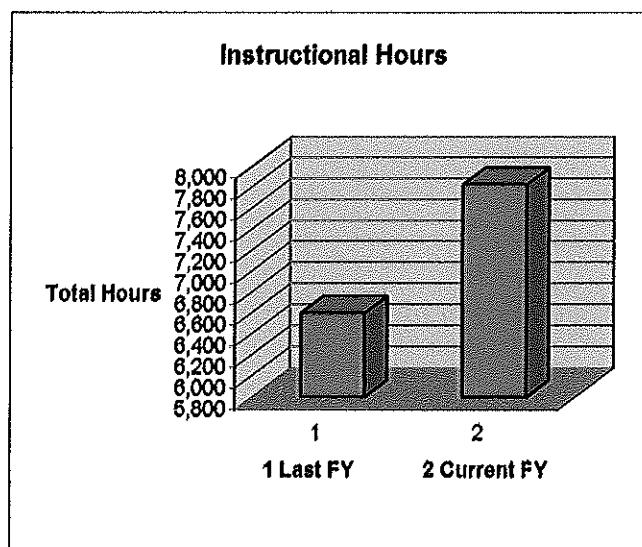

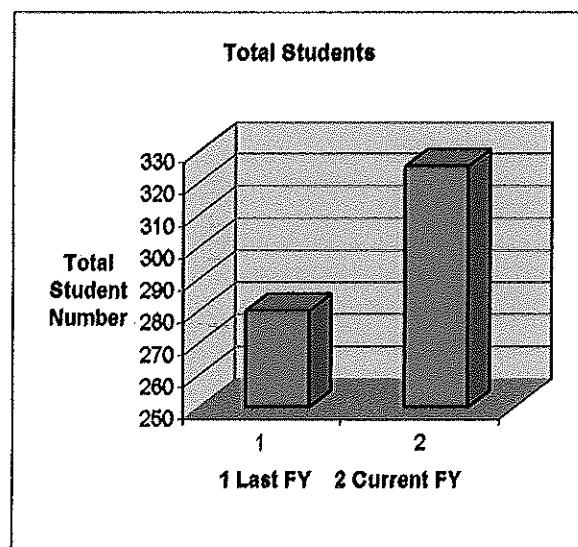

Federal Work Study (FWS). Our FWS partnership with Financial Aid at Cal State Fullerton grew stronger during FY 2004-05. In that respect, our FWS allocation for FY 2005-06 is now \$90,000, and we already have seventeen (17) students approved for this school year. Our FWS partnership is also very strong with Western State College University of Law as we have thirteen (13) already signed-up.

Literacy statistics. See Agenda Item 38, Pages 2 of 3, and 3 of 3.

History Room visitors in January: fiscal year 2004-2005 2

There were requests for Valencia High School annuals from the years 1944, 1945, 1946 and 1947.

Information was requested about the twentieth anniversary of Fullerton Public Library.

Information about Placentia was requested by Experience Fullerton Magazine for an upcoming article about Placentia.

An inquiry from Oklahoma was addressed concerning a deceased resident, Clarence Hall.

Since we have no records from the Walter & McCormack funeral home, the question was referred to the Santa Ana Library's death index and obituary search.

A request was made concerning Placentia's historic houses and buildings.

Preparation has begun on the 1938 flood presentation and interview. We have a format and timeline and a meeting was held with Phil Giraldin, our videographer, along with Eddie Castro, our primary subject and local historian Pat Irot and manager Jim Roberts. I have prepared a script for the presentation.

A history of the police was provided for the Placentia Police Department.

Placentia is paying penalties for delay of grants

Cost of land for rail project rises to nearly \$7.1 million.

By SUSHMA SUBRAMANIAN
THE ORANGE COUNTY REGISTER

PLACENTIA • Slower-than-expect grant processing has pushed the city's cost for an Office Depot property to nearly \$7.1 million — a figure that will rise even further if no funds don't arrive before July.

The land, needed for a now-delayed railroad underpass project, was to be purchased for \$5.6 million in 2004.

But the city missed its payment deadline, incurring \$7,000 in penalties before deciding to borrow \$6.9 million.

The city had hoped to retire at debt this month, before a \$4,858 interest payment became due. But the state hasn't finished processing \$15.1 million in state grants the city is relying to repay the money.

The same grants caused the city to miss its first payment deadline in 2004 after the state froze the money during the economic crisis.

The funds were finally approved for release in August.

"It's a disappointment, but it's a fact," said Mayor Scott Brady. "We should be grateful we're getting the money even though we would have liked to get it earlier."

The city is receiving some revenue from the site; tenant ABC Billiard and Pool pays \$11,440 a month in rent.

"We figured the city would get the money because it was due to them," said Craig Green, a founder of Citizens for a Better Placentia, a group that has criticized the city's handling of finances.

If the debt is not paid off in July, another \$184,358 in interest will be owed.

Office Depot debt

The city has paid \$184,358 in interest on \$6.9 million borrowed in 2004. Here's a breakdown of the borrowing:

Amount	Reason
\$5,600,000	Purchase amount
\$157,000	Late-payment penalty
\$373,173	First year's interest
\$185,948	Finance cost
\$528,907	Reserve fund
\$82,816	Discount cost
\$6,927,844	Total

PLACENTIA • State grant: The city this week received \$5.5 million in state funds, the first of \$15.1 million frozen during the state budget crisis. The money would help the city pay off a \$5.6 million debt incurred to purchase an Office Depot property through eminent domain to construct the Melrose Street underpass.

PLACENTIA • State lobbyist: The City Council voted unanimously Tuesday to consider bids for a new state-government lobbyist for the city's OnTrac rail project. The current firm, Emerson & Associates, is the last vestige of the city's ailing rail project since a federal lobbyist and a management firm were fired. Council members said OnTrac's new management firm should have a say in choosing a state lobbyist.

Clubhouse plans in works

332 THEN: DECEMBER

The Chapman family last month gave land potentially worth \$2 million to the Boys & Girls Clubs of Placentia-Yorba Linda, the most generous donation made to any O.C. chapter of the group.

NOW

The Boys & Girls Clubs are in negotiations with a developer to sell the land to help fund a larger headquarters in Kraemer Park, where the teen center stands. About half the funds for the \$3 million to \$5 million structure would come from donations.

WHAT'S NEXT

City Council members have directed staff members to study constructing the clubhouse at the site.

PLACENTIA LIBRARY DISTRICT BOARD OF TRUSTEES

TO: Library Board of Trustees

FROM: Elizabeth D. Minter, Library Director *WD*

SUBJECT: Legislative Issues and a Review of the Status of the State Budget and State Library Budget

DATE: February 21, 2006

BACKGROUND

The Legislative information and a copy of the outline of the State of the State Message are included with Agenda item 27.

Library Board President Shkoler, Trustee Turner, Public Services Manager Roberts and Library Director Minter visited with Senator Bob Margett and Jim Starkey on Friday January 27 at the Senator's office in Glendora. He expressed a great deal of interest in the District's collaborative efforts with the Placentia Yorba Linda Unified School District and HIS House. The Library Delegation reminded Senator Margett about our concerns regarding property tax issues.

The California Special Districts Association Legislative Affairs Day will be April 18 and the California Library Association Legislative Day will be on April 20, 2006 in Sacramento. The Board may want to have someone participate in one or both of these events.

Any updated information will be presented at the Board Meeting.

RECOMMENDATION

Action to be determined by the Library Board of Trustees.

Report to the Trustees of the Placentia Library
Jean A. Lasley, Pres of the Foundation

Accomplishments:

1. Successful campaign to cover necessary chairs. It developed enthusiasm for the library and its program. 67 chair were sold as of last Thursday.
2. Communication has improved with the trustees and different department within the library. At the beginning of each meeting, we now have a dept head speak to us regarding his/her department. It has been most helpful in understanding what the library is doing.
3. Obtaining an office for Laranne. She has indicated that her productivity has increased greatly. It would be nice if a storage room could developed to house the odds and ends that are currently in her office, as there is no room for a round table as was planned.
4. Talking with the Friends has clarified their concerns and has enabled the Foundation to explain the differences between the organizations. However, the public may not understand the difference.

Failures

1. Loss of the newest trustee, Susan Petrella.
2. Inaccurate financial data was used for funding the chairs, so the foundation made up the difference of \$97.00 per chair. In the future the foundation chair should be involved with the research prior to the purchase of significant items which are underwritten by the foundation.

Goals

Were not addressed at the annual meeting. If the Friends allow the foundation to join them, the specifics of the goals would be different.

1. Actively search for new foundation directors via newspaper, chamber, and referrals from interested person.
2. Adopt the new job descriptions before meeting with potential directors.
3. Plan for an annual fund raiser; however, many of the local supporters find it much easier to support a specific drive, ie: the chairs, so that will have to be discussed.

Concerns

1. Vandalism of the vending machine is costing the foundation dollars which could be used in other places. However, this does NOT fall under responsibilities of the foundation. The police dept can do an evaluation for the library.

ACKNOWLEDGEMENTS:

The past year has been one of change and many challenges. I wish to thank the Trustees for their support for without it, I would NOT be here this evening. Also to Elizabeth for her knowledge and dedication, Wendy and Laranne, who are so helpful and enthusiastic and finally to the foundation board members who have given of their time, talents and have supported the efforts of the library, I'm most grateful.

Dear Trustee

You will recall the decision to include on the new website some biographical details and a photo. To this end I ask you to indicate whether you are happy for us to use the photo presently displayed in the Library, or do we arrange for another portrait.

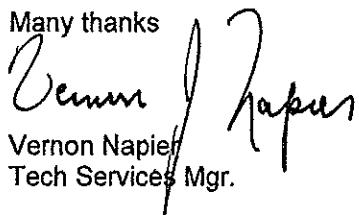

Please indicate your choice by circling one or the other:

1. Use the present photo
2. Arrange for a new portrait

As a guideline for the text, I ask that you write a sentence or two under the following headings:

1. Educational background
2. Work experience/ career/ profession
3. Community service
4. Family
5. Special interests/ hobbies

Many thanks

SUBJECT: Review the results of the Board and Public Review of the Strategic Plan Draft on February 4, 2006 and the staff review on February 1, 2006.

DATE: February 21, 2006

BACKGROUND

Attachment A is a summary of the thirty-eight (38) Library Board and public-ranked priorities for the draft of the Strategic Plan that was discussed at the Work Session on February 4, 2005. The report also contains the results from the staff discussion of the Draft that was held at the staff meeting on February 1, 2006.

The next step is for the Library Board of Trustees to establish priorities based on the discussions with staff and the public. These priorities will be reflected in the Fiscal Year 2006-2007 Budget priorities to be discussed at the Library Board Meeting on March 28, 2006.

The Vision of the Placentia Library District is to inspire exploration, open minds and bring people together.

The Purpose of the Placentia Library District is to provide services and materials to our ever changing and diverse community.

To accomplish this goal the Library will:

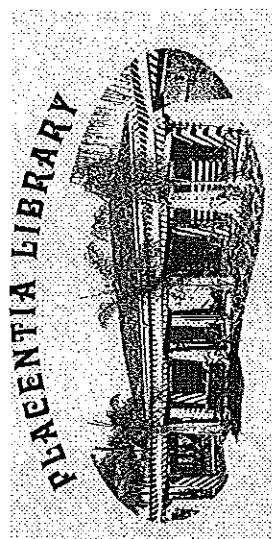

- Provide a qualified staff to acquire, organize, and maintain a collection of print and non-print materials in an easily accessible facility and assist the public with its use.
- Provide literacy outreach and services to the community.
- Provide a special collection to document and preserve Placentia's History and Authors.
- Present programs and provide technology access to everyone in order to promote reading and lifelong learning.
- Promote the Library's vision through consistent messages to the public.

Strategic Plan 2005 Marketing

Establish a 3-year cycle of community surveys based on the American Library Association's "Planning for Results", using multilingual instruments, using professional sampling procedures and administered in person in the Library, by mail and electronically.

- Provide copies of "Planning for Results" to all elected officials and Library managers.
- Send Library managers for Public Library Association's training workshops on "Planning for Results"
- Contract with California State University, Fullerton for instrument design and result analysis.

Create an information program to educate non-users about Library services and programs.

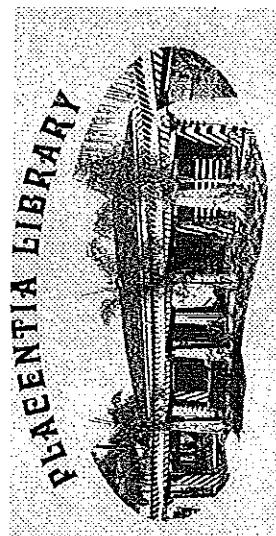

- Provide a "welcome" packet of materials to new residents through the realtors and apartment managers.
- Use the "Every Child a Library Card" campaign each September to get basic service information in English and Spanish into the home of all elementary school students attending public and private schools in the District.
- Provide 4 newsletters per year for preschool/elementary and secondary school educators and administrators of public and private schools in the District.
- Provide a semi-annual newsletter for health care professionals associated with Placentia Linda Hospital and those with offices in the District.
- Provide 4 articles per year for the Placentia Chamber of Commerce newsletter.

PLACENTIA LIBRARY DISTRICT BOARD OF TRUSTEES

TO: Library Board of Trustees

FROM: Elizabeth D. Minter, Library Director *2007*

SUBJECT: Trustee and Library Manager Training for AB1234 Compliance.

DATE: February 21, 2006

BACKGROUND

AB1234 requires that elected officials (Library Trustees) and managerial staff complete ethics training by the end of 2006 and that they renew that training biennially (every other year).

Library Director Minter, Administrative Services Manager Goodson and Public Services Manager Roberts completed their training in the summer of 2005.

The Library Trustees and Technical Services Manager Napier still need to complete their training. The training session is two hours.

Presently there appears to be 4 options:

1. Best, Best & Krieger, Attorneys at Law, is offering a workshop at the Hilton San Diego Mission Valley, 8:00 – 10:30 A.M., Wednesday, March 1. Fee is \$50 per person for non clients, breakfast included. The information is Attachment A.
2. The Special District Risk Management Authority (SDRMA) is offering a workshop at the Irvine Ranch Water District, 9:00 – 11:00 AM, Friday, August 4. Fee is \$49 per person and SDRMA will maintain the certification records. This session will also be included in the CSDA Conference at Squaw Valley in September at no additional cost to the participants. The information is Attachment B.
3. Have a consultant come to present the program at a Library Board Work Session in Placentia. BHI from Escondido is working in this area. If you are interested I could request a price quote.
4. The Independent Special Districts of Orange County (ISDOC) is discussing having a session but nothing has been decided. I will not be at the March Executive Committee Meeting. The Library Board could send a letter requesting that they use some of their surplus budget balance to sponsor a session at one of their quarterly membership meetings.

RECOMMENDATION

Action to be determined by the Library Board of Trustees.

Open, Ethical Leadership: AB 1234 Compliance Training for Special Districts

A CSDA Alliance Program

What you need to know about complying with AB 1234

Beginning Jan. 1, 2006, Assembly Bill 1234 requires some 10,000 directors, trustees and other governing board members of California special districts, as well as city and county officials, to begin receiving ethics training. CSDA is ready to help special district officials comply with this new law.

Who should comply?

All officials elected or appointed to a special district legislative body and any employee designated by a special district legislative body are required to receive two hours of ethics training.

Don't Panic!

There is plenty of time to comply. Special district officials in service as of Jan. 1, 2006, must comply by Jan. 1, 2007. New directors and trustees must comply within a year of their election or appointment. Thereafter, officials must receive training every two years.

Open, Ethical Leadership:

AB 1234 Compliance Training for Special Districts

Agenda and Curriculum

CSDA has developed a comprehensive ethics curriculum in cooperation with

This two-hour workshop covers general ethics principles and state laws related to:

- personal financial gain by public servants
- conflict of interest, bribery and nepotism
- gift, travel and mass-mailing restrictions
- honoraria, financial interest disclosure and competitive bidding
- prohibitions on the use of public resources for personal or political purposes
- the Brown Act open meeting law
- the Public Records Act

This curriculum follows the guidelines provided by the Fair Political Practices Commission, as required under AB 1234.

Faculty

To deliver curriculum specifically designed for special districts CSDA has partnered with the law firms of

Best Best & Krieger

Colantuono & Levin

Liebert Cassidy Whitmore

Meyers Nave

McMurchie Law

Nossaman, Guthner, Knox & Elliott

Included in the registration fees:

CSDA's Compliance Tracking Service

AB 1234 requires special district directors and trustees to receive ethics training every two years. Included with attendance at any CSDA Ethics Training is a tracking service that will notify each attendee when they are due to renew their training requirements. Additionally, this complimentary service can provide duplicate certificates of completion if they are misplaced or if confirmation of compliance is needed.

Draft Compensation, Reimbursement and Training Policies

Attendees will also receive a draft district policy that will specify, as required by AB 1234:

- The types of occasions for which a member of the legislative body may receive payment
- The types of occurrences that qualify a member of the legislative body to receive reimbursement of expenses

The draft policy can work as a template for your agency to use to comply with this new mandate.

Non-Member Incentive

If your district joins CSDA, we'll apply the difference between the member and non-member registration fees to your membership dues.

Discounts on CSDA's most popular educational programs!

Discounted registration fees are available for Staying in Compliance and Government Affairs Day when you enroll in an Ethics Training workshop. Ethics Training is available at no cost for those attending the 2006 CSDA Annual Conference. Contact CSDA for more information.

Ethics training is also included in the curriculum for New Board Member Training, Staying in Compliance, Governance Academy and the CSDA Annual Conference.

AB 1234

**Requires Adoption of Reimbursement Policy
and Ethics Training for Local Agency
and City Officials, and Key Employees**

**BB&K IS READY TO ASSIST YOU IN
COMPLYING WITH AB 1234 POLICY
AND TRAINING REQUIREMENTS**

Assembly Bill 1234—effective January 1, 2006—imposes ethics training, and compensation and reimbursement requirements on cities, counties and special districts. For officials currently serving a local agency, AB 1234 requires no less than two hours of ethics training in general ethics principles and ethics laws to be completed no later than January 1, 2007. Officials who begin their term on or after January 1, 2006 will be required to fulfill two hours of ethics training within one year of taking office. Thereafter, officials are required to complete two hours of ethics training every two years. Officials whose terms end before January 1, 2007 are exempted from the ethics training requirement. BB&K offers flexible training programs, developed in consultation with the Fair Political Practices Commission and the Attorney General, that fulfill this new State requirement.

LEGAL BULLETIN

AB 1234 Requires Adoption of Reimbursement Policy

A new law applicable to cities, counties and special districts went into effect on January 1, 2006. AB 1234 requires mandatory ethics training, compensation, and reimbursement regulations for local agencies. Notably, AB 1234 requires local agencies to adopt a reimbursement policy.

According to the terms of AB 1234, "if a local agency reimburses its legislative body members for actual and necessary expenses incurred in the performance of official duties," then the local agency is required to adopt a written reimbursement policy.

AB 1234's reimbursement policy applies to "legislative bodies" as that term is defined in the Ralph M. Brown Act. The reimbursement policy may establish its own reimbursement rates. Otherwise, the Internal Revenue Service reimbursement rates apply. However, AB 1234 requires that conference lodging costs cannot exceed the maximum group rate available at the time of booking and if group or government rates are available, then the agency must use them. Any requests for reimbursements that are not specifically covered by an agency's policy must be approved in a public meeting before the expense is incurred.

Under AB 1234, local agencies are also required to provide expense report forms to public officials. These expense reports must then be completed, submitted within a "reasonable time" after incurring the expense, and be accompanied by receipts. Additionally, members have to provide a "brief" report on meetings attended at the expense of the local agency at the next regularly scheduled meeting of the legislative body. Finally, the new law states that all documents related to reimbursable agency expenditures are subject to the Public Records Act.

AB 1234 also references possible penalties for the misuse of public resources or falsifying expense reports. These penalties may include: loss of reimbursement privileges, restitution to the local agency, civil penalties up to \$1,000 a day, and felony prosecution under Penal Code Section 424.

If your agency has not already adopted a reimbursement policy to comply with AB 1234, now is the time to do so. Posted online at www.BBKlaw.com (News & Events, eBulletins) you will find two sample reimbursement policies that your agency may want to use as a model, incorporating changes that may be necessary for your particular agency. The first sample was drafted by the California Special Districts Association and the second was drafted by Institute for Local Government, an affiliate of the League of California Cities.

Should your agency desire our assistance to prepare a reimbursement policy or if you have any questions regarding AB 1234, please do not hesitate to contact your BB&K attorney or any BB&K Special Districts or Municipal & Redevelopment Practice Group attorney.

SUBJECT: Placentia Library District Resolution 06-01 in Support of the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006

DATE: February 21, 2006

BACKGROUND

Californians will be voting on the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006 at the June election.

Attachment A contains background information about the Bond Act and a list of suggested activities to support the election.

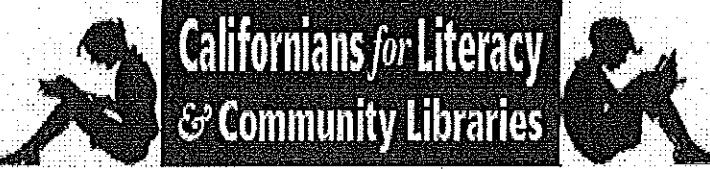

Attachment B contains the text of the Bond Act.

Attachment C is Resolution 06-01: A Resolution of the Board of Trustees of the Placentia Library District of Orange County to Endorse and Support the 2006 California State Library Bond.

The District may also wish to request that the City of Placentia pass a resolution of support and to make a presentation to the City Council at one of its Regular Meetings.

RECOMMENDATION

1. Read Resolution 06-01 by title only: A Resolution of the Board of Trustees of the Placentia Library District of Orange County to Endorse and Support the 2006 California State Library Bond.
2. Adopt Resolution 06-01.
3. Authorize the Library Board President and the Library Director to make a presentation to the Placentia City Council requesting its endorsement and support of the 2006 California State Library Bond.

CALIFORNIA READING AND LITERACY IMPROVEMENT AND PUBLIC LIBRARY CONSTRUCTION AND RENOVATION BOND ACT OF 2006

California Libraries in Need

California's libraries are in trouble. Extraordinary population growth, combined with local government budget shortfalls, have left many counties, cities and library districts unable to keep up with the increased demand for services and the space in which to provide them.

As a result, many California neighborhoods and communities either do not have a local library, or are relying on old library structures – some built prior to 1930, and in need of upgrading in order to operate more efficiently and accommodate new technologies.

While Proposition 14, passed by voters statewide in March, 2000, was a first step in meeting California's need for new libraries, it fell far short of meeting all our libraries' needs. A 2003 State Library survey revealed 579 unfunded library projects around the state, at a cost of \$4.4 billion, with Proposition 14 providing enough money to fund only 45 of these.

The 2006 Library Bond Act

In response to this continuing need, the State Legislature has placed a \$600 million statewide library bond on the June, 2006 ballot.

- This bond will provide a 35% local/65% state match in funding for grant recipients.
- Grants will be awarded for a minimum of \$50,000 and a maximum of \$20 million.
- First priority will be given to eligible applications not funded in the 3rd application cycle of Proposition 14. The amount awarded for these first priority projects may not exceed 50% of the \$600 million authorized.
- The remaining \$300 million of funds not awarded for the 3rd application cycle will be awarded on a statewide competitive basis.
- At least \$25 million will be made available for joint use projects with one or more public education institutions (K-12 school district, county office of education, community college district, a campus of California State University or a campus of the University of California).

Senate Bill No. 1161

CHAPTER 698

An act to add Chapter 12.5 (commencing with Section 20020) to Part 11 of the Education Code, relating to financing a public library construction and renovation program by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California, and by providing for the handling and disposition of those funds.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1161, Alpert. California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006.

Existing law establishes the California Library Construction and Renovation Bond Act of 1988 and the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000. Existing law authorizes the issuance of bonds, pursuant to the State General Bond Law, in the amount of \$75,000,000 in the 1988 act and in the amount of \$350,000,000 in the 2000 act, for the purpose of financing library construction and renovation.

This bill would enact the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006, for submission to the voters at the 2006 statewide primary election. The bill, if approved by the voters, would authorize the issuance, pursuant to the State General Bond Law, of bonds in the amount not to exceed a total of \$600,000,000 for the purpose of financing library construction and renovation pursuant to a program administered by the State Librarian.

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.5 (commencing with Section 20020) is added to Part 11 of the Education Code, to read:

CHAPTER 12.5. CALIFORNIA READING AND LITERACY IMPROVEMENT AND PUBLIC LIBRARY CONSTRUCTION AND RENOVATION BOND ACT OF 2006

Article 1. General Provisions

20020. This chapter shall be known and may be cited as the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006.

20021. The Legislature finds and declares the following:

(a) Reading and literacy skills are fundamental to success in our economy and our society.

(b) Public libraries are a vital part of the educational system. They provide resources and services for all residents of California, including preschoolers, out-of-school adults, senior citizens, and those attending schools at all levels.

(c) In many cases, libraries serve as a community's only public point of access to resources for learning and by extension, self-sufficiency.

(d) The construction and renovation of public library facilities is necessary to expand access to reading and literacy programs in California's public education system and to expand access to public library services for all residents of California.

(e) The need for library facilities continues to grow. A 2003 needs assessment compiled by the State Library found that there is a need for over two billion dollars (\$2,000,000,000) in public library funding.

(f) In March 2000, California voters approved a bond measure of three hundred fifty million dollars (\$350,000,000) for library construction and renovation.

(g) Due to the overwhelming response by applicants, the California Public Library Construction and Renovation Board will ultimately be forced to deny approximately 75 percent of all applications due to lack of additional bond funding.

20022. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 and continued in existence pursuant to Section 20040 for the purposes of this chapter.

(b) "Fund" means the California Public Library Construction and Renovation Fund of 2006 established pursuant to Section 20024.

(c) "Board" means the California Public Library Construction and Renovation Board of 2006 established pursuant to Section 20023.

20023. (a) The California Public Library Construction and Renovation Board of 2006 is hereby established.

(b) The board is comprised of the State Librarian, the Treasurer, the Director of Finance, an Assembly Member appointed by the Speaker of the Assembly, a Senator appointed by the Senate Committee on Rules, and two members appointed by the Governor.

(c) Legislative members of the board shall meet with, and participate in, the work of the board to the extent that their participation is not incompatible with their duties as Members of the Legislature. For the purpose of this chapter, Members of the Legislature who are members of the board constitute a joint legislative committee on the subject matter of this chapter.

Article 2. Program Provisions

20024. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the California Public Library Construction and Renovation Fund of 2006, which is hereby established.

20025. All moneys deposited in the fund, except as provided in Section 20049.5, are continuously appropriated to the State Librarian, notwithstanding Section 13340 of the Government Code, and are available for grants to any city, county, city and county, or library district that is authorized at the time of the project application to own and maintain a public library facility for the purposes set forth in Section 20026.

20026. The grant funds authorized pursuant to Section 20025, and the matching funds provided pursuant to Section 20033, shall be used by the recipient for any of the following purposes:

(a) Acquisition or construction of new facilities or additions to existing public library facilities.

(b) Acquisition of land necessary for the purposes of subdivision (a).

(c) Remodeling or rehabilitation of existing public library facilities or of other facilities for the purpose of their conversion to public library facilities. All remodeling and rehabilitation projects funded with grants authorized pursuant to this chapter shall include any necessary upgrading of electrical and telecommunications systems to accommodate Internet and similar computer technology.

(d) Procurement or installation, or both, of furnishings and equipment required to make a facility fully operable, if the procurement or installation is part of a construction or remodeling project funded pursuant to this section.

(e) Payment of fees charged by architects, engineers, and other professionals, whose services are required to plan or execute a project authorized pursuant to this chapter.

(f) Service charges where the services in question are required by the applicant jurisdiction to be provided by a public works or similar department, or by other departments providing professional services where the costs are directly billed to the project pursuant to this chapter.

20027. (a) An applicant for a grant for the acquisition, construction, remodeling, or rehabilitation of public library facilities under this chapter on land not currently possessed by that applicant, for a project that does not include an application for a grant to acquire that land pursuant to subdivision (b) of Section 20026, shall be deemed to comply with any administrative condition adopted pursuant to this chapter that the applicant own the land if the application is accompanied by a copy of a court order issued in an eminent domain action pursuant to Section 1255.410 of the Code of Civil Procedure that entitles the applicant to possession of the land.

(b) The terms "purchase of land" and "acquisition of land" as used in this chapter, or in any rule, regulation or policy adopted by the board pursuant to Section 20030, include, but are not limited to, the acquisition of land by eminent domain. For that purpose, the eligible cost of acquisition shall be the fair market value of the property as defined by Article 4 (commencing with Section 1263.310) of Chapter 9 of Title 7 of Part 3 of the Code of Civil Procedure, except that, if title to the land will not be transferred until after the application is submitted for a grant for the acquisition of the land, the eligible cost of acquisition may not exceed the appraised value of the land.

20028. Any grant funds authorized pursuant to Section 20025, or matching funds provided pursuant to Section 20033, may not be used by a recipient for any of the following purposes:

(a) Books and other library materials.

(b) Administrative costs of the project, including, but not limited to, the costs of any of the following:

(1) Preparation of the grant application.

(2) Procurement of matching funds.

(3) Conduct of an election for obtaining voter approval of the project.

(c) Except as set forth in this chapter, including, but not limited to, Section 20048, interest or other carrying charges for financing the project, including, but not limited to, costs of loans or lease-purchase agreements in excess of the direct costs of any of the authorized purposes specified in Section 20026.

(d) Any ongoing operating expenses for the facility, its personnel, supplies or any other library operations.

20029. All construction contracts for projects funded in part through grants awarded pursuant to this chapter shall be awarded through competitive bidding pursuant to Part 3 (commencing with Section 20100) of Division 2 of the Public Contract Code.

20030. This chapter shall be administered by the State Librarian. The board shall adopt rules, regulations, and policies for the implementation of this chapter.

20031. A city, county, city and county, or library district may apply to the State Librarian for a grant pursuant to this chapter as follows:

(a) Each application shall be for a project for a purpose authorized by Section 20026.

(b) An application may not be submitted for a project for which construction bids already have been advertised.

(c) The applicant shall request not less than fifty thousand dollars (\$50,000) per project.

20032. In making the awards, the board shall consider applications for construction or rehabilitation of public library facilities submitted pursuant to Section 20031 and the funding shall be allocated in the following manner:

(a) First priority shall be given to applications deemed eligible by the State Librarian, that were submitted but not funded in the third application cycle of the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000. Amounts awarded by the board for these applications may not exceed 50 percent of the total amount authorized pursuant to Section 20038.

(b) Until regulations are adopted pursuant to Section 20030, regulations adopted pursuant to the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 (Chapter 12 (commencing with Section 19985)) govern the administration of this chapter.

(c) Funds not awarded for the third application cycle pursuant to the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 shall be awarded on a competitive basis pursuant to this chapter.

(d) (1) Except as set forth in paragraph (2), an amount of at least twenty-five million dollars (\$25,000,000) shall be made available for joint-use projects that meet all of the following requirements:

(A) The joint-use project is with one or more public education institutions. For the purpose of this section, "public education institution" means any of the following:

(i) A school district maintaining any combination of educational settings from kindergarten to grade 12, inclusive.

(ii) A county office of education.

- (iii) A community college district.
 - (iv) A campus of the California State University.
 - (v) A campus of the University of California.
- (B) The public education institution or institutions participating as a joint-use partner or partners provide at least 50 percent of the 35 percent local matching funds required pursuant to subdivision (a) of Section 20033.
- (C) Consideration may be given to a proposed joint-use project to be located in a low-income area.
- (D) Consideration may be given to a proposed joint-use project to be located in an area in which public schools have low scores on the Academic Performance Index.
- (2) If, by March 2, 2010, the total dollar amount of all approved applications for joint-use projects pursuant to this section exceeds the total dollar amount made available for joint-use projects pursuant to paragraph (1), joint-use projects may also be funded from any other funds available to the board under this chapter.
- (3) If, by March 2, 2010, the total dollar amount of all approved applications for joint-use projects pursuant to this section is less than the total dollar amount made available for joint-use projects pursuant to paragraph (1), any remaining funds under paragraph (1) shall be made available for any other grants under this chapter awarded on a competitive basis in the same manner as set forth in subdivision (d).
20033. (a) Each grant recipient shall provide matching funds from any available source in an amount equal to 35 percent of the costs of the project. The remaining 65 percent of the costs of the project, up to a maximum of twenty million dollars (\$20,000,000) per project, shall be provided through allocations from the fund.
- (b) Qualifying matching funds shall be cash expenditures in the categories specified in Section 20026 which are made not earlier than five years prior to the submission of the application to the State Librarian. Except as otherwise provided in subdivision (c), in-kind expenditures do not qualify as matching funds.
- (c) Land donated or otherwise acquired for use as a site for the facility, including, but not limited to, land purchased more than five years prior to the submission of the application to the State Librarian, may count towards the required 35 percent local fund contribution at its appraised value as of the date of the application. This subdivision does not apply to land acquired with funds authorized pursuant to Part 68 (commencing with Section 100400), Part 68.1 (commencing with Section 100600), or Part 68.2 (commencing with Section 100800) if approved by the voters.
- (d) Expenditures for payment of architect fees for plans and drawings for library renovation and new construction, including, but not limited

to, plans and drawings purchased more than five years prior to the submission of the application to the State Librarian, may count towards the required 35 percent local funds contribution.

20034. (a) The estimated costs of a project for which an application is submitted shall be consistent with normal public construction costs in the geographic area of the applicant.

(b) An applicant wishing to construct a project having costs that exceed normal public construction costs in the area may apply for a grant in an amount not to exceed 65 percent of the normal costs up to a maximum of twenty million dollars (\$20,000,000) per project if the applicant certifies that it is capable of financing the remainder of the project costs from other sources.

20035. After an application has been approved by the board and included in the request of the State Librarian to the committee, the amount of the funding to be provided to the applicant may not be increased. Any actual changes in project costs are the responsibility of the applicant. If the amount of funding that is provided is greater than the cost of the project, the applicant shall return that amount of funding that exceeds the cost of the project to the fund. If an applicant has been awarded funding by the board, but decides not to proceed with the project, the applicant shall return all of the funding to the fund.

20036. (a) In reviewing applications, as part of establishing the priorities set forth in Section 20032, the board shall consider all of the following factors:

- (1) The needs of urban, suburban, and rural areas.
- (2) The age and condition of existing library facilities within an area.
- (3) The degree to which existing library facilities are inadequate in meeting the needs of the residents in the library service area.

(4) The degree to which the proposed project responds to the needs of the residents in the library service area.

(5) The degree to which the library integrates appropriate electronic technologies into the proposed project.

(6) The degree to which the proposed site is appropriate for the proposed project and its intended use.

(7) The financial commitment of the local agency submitting the application to open, operate, and maintain the proposed library project upon its completion.

(b) If, after an application has been submitted, material changes occur that would alter the evaluation of an application, the State Librarian may accept an additional written statement from the applicant for consideration by the board.

20037. (a) A facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter

shall be dedicated to public library direct service use for a period of at least 20 years following completion of the project.

(b) Any financial interest that the state may have in the land or facility, or both, resulting from the funding of a project under this chapter, as described in subdivision (a), may be transferred by the State Librarian through an exchange for a replacement site and facility acquired or constructed for the purpose of providing public library direct service.

(c) If the facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter ceases to be used for public library direct service prior to the expiration of the period specified in subdivision (a), the board shall be entitled to recover from the grant recipient, or the successor of the recipient, an amount that bears the same ratio to the value of the facility, or appropriate part thereof, at the time it ceased to be used for public library direct service, as the amount of the original grant bore to the original cost of the facility, or appropriate part thereof. For purposes of this subdivision, the value of the facility, or appropriate part thereof, shall be determined by the mutual agreement of the board and the grant recipient or successor, or through an action brought for that purpose in the superior court.

(d) Notwithstanding subdivision (f) of Section 16724 of the Government Code, any money recovered pursuant to subdivision (c) shall be deposited in the fund, and shall be available for the purpose of awarding grants for other projects.

Article 3. Fiscal Provisions

20038. Bonds in the total amount not to exceed a total of six hundred million dollars (\$600,000,000), exclusive of refunding bonds issued in accordance with Section 20046, or so much thereof as is necessary, may be issued and sold for deposit in the fund to be used in accordance with, and for carrying out the purposes expressed in, this chapter, including all acts amendatory thereof and supplementary thereto, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest on bonds as the principal and interest become due and payable.

20039. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and

all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter, except Section 16727 of the Government Code to the extent that it may be inconsistent with this chapter.

20040. (a) For purposes of this chapter, the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 is continued in existence and is the "committee" as that term is used in the State General Obligation Bond Law for the purpose of this chapter.

(b) For purposes of the State General Obligation Bond Law, the California Public Library Construction and Renovation Board of 2006 established pursuant to Section 20023 is designated the board.

20041. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in this chapter, including all acts amendatory thereof and supplementary thereto, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

20042. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

20043. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 20044, appropriated without regard to fiscal years.

20044. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, with interest at the rate earned by the money in the Pooled Money

Investment Account during the time the money was withdrawn from the General Fund pursuant to this section, from money received from the sale of bonds for the purpose of carrying out this chapter.

20045. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request may not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

20046. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. Approval by the electors of the state for the issuance of bonds under this chapter shall include the approval of the issuance of any bonds issued to refund any bonds originally issued or any previously issued refunding bonds.

20047. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

20048. All money deposited in the fund that is derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

20049. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

20049.5. Amounts deposited in the fund pursuant to this chapter may be appropriated in the annual Budget Act to the State Librarian for the actual amount of office, personnel, and other customary and usual expenses incurred in the direct administration of grant projects pursuant to this chapter, including, but not limited to, expenses incurred by the State Librarian in providing technical assistance to an applicant for a grant under this chapter.

SEC. 2. (a) Section 1 of this act shall take effect upon the adoption by the voters of the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006, as set forth in Section 1 of this act.

(b) Section 1 of this act shall be submitted to the voters at the 2006 statewide primary election in accordance with provisions of the Elections Code and the Government Code governing submission of statewide measures to voters.

SEC. 3. (a) Notwithstanding any other law, all ballots of the election shall have printed thereon and in a square thereof, the words: "California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006" and in the same square under those words, the following in 8-point type: "This act provides for a bond issue in an amount not to exceed a total of six hundred million dollars (\$600,000,000) to provide funds for the construction and renovation of public library facilities in order to expand access to reading and literacy programs in California's public education system and to expand access to public library services for all residents of California." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) If the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

RESOLUTION 06-01

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE
PLACENTIA LIBRARY DISTRICT OF ORANGE COUNTY
TO ENDORSE AND SUPPORT 2006 CALIFORNIA STATE LIBRARY BOND

Whereas, Governor Arnold Schwarzenegger has signed into law the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006; and

Whereas, approval by voters of that bond would authorize the State of California to sell \$600 million in bonds to assist local governments in the construction of public libraries; and

Whereas, passage of that bond, which will appear on the June 2006 ballot, will permit many cities and counties across the state to construct library facilities; and

Whereas, the California State Library has identified that at least 579 unfunded library construction projects which total \$4.4 billion in need statewide; and

Whereas, our community will continue to have ongoing needs for public library services;
and

Whereas, use of the Placentia Library continues to grow and expand as new services are offered and hours are increased:

NOW THEREFORE, BE IT RESOLVED, that the Placentia Library District of Orange County supports the passage and funding of the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006, and urges all citizens, community leaders, and organizations in Placentia, CA to lend their support to the creation of this public library bond fund.
