Grade: Freshman
Book Title: The Summer I Turned Pretty
Book Author: Jenny, Han
Rating (1-lowest to 5-highest): 4.5

1st Paragraph: Every summer Belly and her family go to Cousins Beach with Susannah, Jeremiah and Conrad Fisher. This summer was different, Belly was finally being noticed by Jeremiah and Conrad because she had become prettier. Throughout the story Belly had to choose between the two siblings, one being better than the other in different ways making it a hard choice.

2nd Paragraph: I think this book did an amazing job in the characters and the plotline. Also, I like how this book is relatable in many ways and you can connect with how the characters are feeling. Another thing I enjoyed was how Belly was like a daughter to Susannah that she never had. One thing I disliked about this book was how controlling and moody Conrad was. Something that surprised me was all the drama and sadness that happened near the end of the book.

3rd Paragraph: I would recommend this book because it is very interesting and a great book to read while matching the summer vibe. This story is filled with romance, friendship, and emotional moments that keep you wanting to read more. The setting also adds to the relaxing summer feeling, making it a great book to read during vacation or on a warm day. If you enjoy romance novels you will enjoy this book with a love triangle bringing you in with every chapter and making you wonder who Belly will end up with. Lastly, if you enjoy reading The Summer I Turned Pretty you will love the show too.
