PLACENTIA LIBRARY DISTRICT BOARD OF TRUSTEES

TO:

Library Board of Trustees

FROM:

Elizabeth D. Minter, Library Director

SUBJECT:

Cash Flow Analysis

DATE:

February 19, 2008

BACKGROUND:

The Cash Flow Analysis for the General Fund for Fiscal Year 2007-2008 is Attachment A.

The Property Tax Apportionment Schedule for Fiscal Year 2007-2008 is Attachment B.

It is my opinion that Placentia Library District is in compliance with California Government Code Section 53646(b)(1) that requires that that the District have adequate balances and anticipated revenues to meet its expenditure requirements for the next six months.

I am recommending that no funds be transferred at this time.

RECOMMENDATION:

Receive & File the Cash Flow Analysis for Fiscal Year 2007-2008 through February 19, 2008 and the Property Tax Apportionment Schedule for Fiscal Year 2007-2008.

CSDA Sponsors SLON Extension Provision

Securitized Limited Obligation Notes (SLONs) allow all special districts to borrow up to \$2 million without the need of voter approval. SLONs are viewed as being safer and cheaper than other types of borrowing because they are backed by a dedicated stream of revenue—the more security that the loan will be paid back, the lower the interest rate. Utility District to Expand Green Programs

Truckee's utility district is moving forward with conservation efforts spurred in late 2006 when ratepayers voiced concern over a 50-year coal-power contract the district opted not to enter. At the Truckee Donner Public Utility District board meeting Wednesday evening, staff presentations regarding past and future conservation programs were progressive and valuable, said Dan Warren, general manager of the Glenshire Devonshire Residents Association, and frequent meeting attendee. Design-bid Bill Passes off Floor

Assembly Bill 642 by Assembly Member
Lois Wolk (D-Davis) passed from the
Assembly Floor on Tuesday, January 29.
This bill allows all cities to utilize designbuild contracting as an option, and allows all
local government entitles—including special
districts—to use design-build contracting for
water-related facilities as part of the 20-

project pilot program. CSDA supports this bill.

Healthcare Reform Flatlines

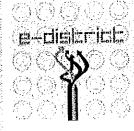

The healthcare reform bill endorsed by Governor Arnold Schwarzenegger and Assembly Speaker Fablan Nunez (D-Los Angeles) failed to pass the Senate Health Committee last week. The proponents of the reform measure mustered only one 'aye' vote—Senator Mark Ridley-Thomas (D-Los Angeles)—seven 'no' votes, and three abstentions. Read more about this bill...

Legislature Returns

On Monday, January 7, legislators returned to Sacramento to commence the second year of the 2007-08 session. On that same day, the governor's Public Employee Post-Employment Benefits Commission issued its comprehensive 8-point plan to address the unfunded pension and retiree health care liabilities for California's state and local

governments. The governor is expected to propose legislation in the coming weeks to implement the Commission's recommendations. The commission's 300-plus page report is available at: http://www.pebc.ca.gov.

Governor Delivers His State of the State Address

On Tuesday, January 8, Governor Arnold Schwarzenegger delivered his State of the State address to a joint session of the Legislature. With the state facing an 18-month, \$14 billion budget deficit, much of the governor's remarks focused on the deficit and his plans to resolve the current deficit and eliminate deficits in future years. Read more about this address...

What About Proposition 1A?

While the governor did not raise Proposition 1A in a direct fashion in his State of the State address, he did with this reference: 'It used to be that Sacramento plugged deficits by grabbing money everywhere it could—pension funds, local governments, bonds, gas taxes meant for transportation. But we tightened the noose by taking away those options. We passed Proposition 1A, Proposition 58 and Proposition 42. We now have no way out ...except to face our budget demons.' Water Supplies Low Despite Recent Rain

Officials across the region continue to struggle with low water supplies and prepare for potential rationing despite the recent rains. Many cities in the San Gabriel Valley are raising water rates and implementing conservation measures. Glendora is planning to dig deeper wells to access shrinking underground water supplies. Last year's winter - the driest in 130 years of record keeping - is in large part to blame. That parched season has had a continued impact on water supplies in the Southern California, where demand for water is increasing while supplies are decreasing. Read more of this story...

THE "SPECIAL SESSION ON THE BUDGET" STATE LIBRARY PROGRAMS ARE REVIEWED, BUT NO ACTION TAKEN

More Info

As we previously reported, in January Governor Schwarzenegger released his much-anticipated January Budget proposal to address the \$14.5 billion state deficit. Following the release of the Budget, the Governor simultaneously declared a "fiscal emergency" and called for a "Special Session of the Legislature to immediately address the Budget and cash shortfall." While the Budget deficit hovers around \$14.5 billion, many insiders in the Capitol predict that the shortfall is growing daily, and the real figure could be more in the neighborhood of \$17 billion. Inclusive in the \$14.5 billion deficit is a \$3.3 billion over-run in the current year of the Budget - 2007-08, after Budget assumptions did not materialize in 2007, and the economy continued to flatten.

In an effort to comply with the "Special Session" declaration, recently the Senate Budget Committee, Chaired by Senator Denise Ducheny began holding a series of informational hearings on specific areas of the Budget, such as local government, corrections, and health and welfare, where the Governor is asking for deep cuts in the current year Budget. Meanwhile, the Assembly has tasked its various Budget Subcommittees to review specific current year proposals as well.

As we noted in our January memo, the Governor's Budget does not cut any state library programs, such as the Public Library Foundation, literacy programs, or the Transaction Based Reimbursement in the current year, but Governor Schwarzenegger is recommending a cut to the PLF as well as the TBR in the Budget year (2008-09). Specifically, the Governor is suggesting that the 10 percent across-the-board cut strategy, that he is recommending for virtually every area of state government, be applied to the PLF and the TBR. The proposed cut to the Public Library Foundation would be \$1.4 million and the proposed cut to the Transaction Based Reimbursement would be \$1.4 million. The State Library is also facing a proposed cut of \$1.6 million in State Operations.

Recently, the Assembly Budget Subcommittee on Education Finance convened to discuss the overall impact of the 2008-09 Budget on State Library programs. The extensive nature of the hearing was somewhat unexpected, as the subcommittee was supposed to be considering only current year cut issues. Instead, the subcommittee asked the State Library to review at least six of their Budget-related programs, as well as discuss the status of the new Integrated Library

System and their temporary relocation during the renovation of the Library and Courts building. At the hearing, the State Library and CLA lobbyists were present to explain the various programs, provide historical context, and answer specific questions. The State Library was flanked during testimony by representatives of the Department of Finance (who were there to justify their Budget), as well as the non-partisan Legislative Analyst's Office (who provided a neutral analysis). The focus of the subcommittee was best summed up by member Assemblyman Sandre Swanson who offered, "The Legislative Analyst has cautioned that we need to look at the total picture - how programs are affected and where federal matching grant dollars are affected." The Department of Finance representative countered, "We tried to look at each General Fund program evenly, rather than hit one too hard." He then later added, "We understand the cuts are painful and will result in a decrease in services."

During the discussion regarding the Transaction Based Reimbursement, Assemblywoman Jean Fuller wondered if consideration could be given to charging a "fee for service for one year." She noted that she was a supporter of the program, and was looking for creative ways to possibly charge those jurisdictions that were larger borrowers. The State Library was effective in communicating the difficulties associated with a fee system, and explained the concept of reimbursing for the net-imbalance of borrowing.

When the discussion shifted to the Public Library Foundation, the Department of Finance and Legislative Analyst's Office engaged in a spirited debate regarding the 10 percent state obligation to fund the PLF in statute. Finance representatives noted that the "state has never met the statutory target. In good Budget years, it has been up to \$60 million. In bad years, they faced cuts." The Legislative Analyst's Office then argued, "It is the legislature's intent that you would cover this base...The program has just endured a recent cut of \$7 million. Don't get too distracted by the 10 percent match. You are not funding a bureaucracy. These are real cuts to local libraries." CLA then offered our perspective, noting that we were the sponsors of the PLF legislation, and subsequently offered some historical comments on how the program was developed and how devastating the recent cuts have been to public libraries. We added, "We can think of no other program in the Budget in the area of education or local government that has been cut so much...We would like to start reducing the downward trend." Assemblywoman Fuller and Chair Assemblywoman Brownley asked the State Library and CLA if they would be willing to work with the subcommittee to determine either: 1) areas where we would recommend targeted cuts, or 2) just allow the Governor's 10 percent across-the-board approach to stand. We both concurred that we would be more than willing to work with the subcommittee in the coming weeks.

The legislature will be facing a deadline to comply with the Governor's "Special Session on the Budget" of February 23. At that time, they will be asked to make immediate emergency cuts or a series of deferrals (e.g. delaying normal June payments to local government and schools to August or September). We have spoken to several sources who have indicated that the legislature is likely to embrace an approach that would be a combination of accepting the Governor's deferral proposals, as well as some deep cuts to K-12 education and community colleges. It is rumored that the legislature will attempt to complete this task, in an accelerated schedule, in order to act before the Legislative Analyst can release her "Perspectives and Initiatives" report - a comprehensive look at the state's most current cash projections, funding obligations, and Governor's proposals. The Legislative Analyst's Report, which may paint a bleaker picture, is scheduled to be released on February 20.

After the legislature concludes work on the "Special Session on the Budget", the subcommittees will begin meeting again in March and April to address the 2008-09 Budget - wherein action on

the State Library issues will take place. We will provide you with the dates of the library hearings when they are announced so that you can begin contacting members of the two subcommittees.

Vacations

2020

2020.1 This policy will apply to regular and probationary full-time and part-time employees in all classifications.

2020.2 Paid vacations will be accrued according to the following schedule on an annual basis:

- (a) During the first four years of continuous work, eighty (80) hours.
- (b) Five through nine years of service, one hundred twenty (120) hours.
- (c) After nine years of service, one hundred sixty (160) hours.
- (d) Vacation accrual is based on a forty (40) hour work week. Employees working less than forty (40) hours per week, but working 20 or more regularly scheduled hours per week, will receive a pro-rata allocation of vacation hours.
- **2020.3** Employees who have completed six months in regular status may take their vacation time all at once, or gradually. No vacation may be taken until the employee has completed at least six months in regular employee status.
- 2020.4 Vacation time is accrued at the second pay period of each month.
- 2020.5 Vacation time may be accumulated or postponed. The total accumulated vacation time will not exceed thirty (30) days (for full time employees 240 hours). The Library Director will require staff members with excessive vacation balances to use them immediately.
- 2020.6 At termination of employment for any reason, the District will compensate the employee for his/her accumulated vacation time at his/her straight time rate of pay at the time of termination.
- **2020.7** The District will not require an employee to take vacation time in lieu of sick leave or leave of absence during periods of illness. However, the employee may elect to take vacation time in case of extended illness where sick leave has been fully used.

- **2020.8** If a holiday falls on a workday during an employee's vacation period, that day will be considered as a paid holiday and not vacation time.
- 2020.9 Vacations may be scheduled at any time during the year upon approval of the employee's immediate supervisor and the Library Director.
- 2020.10 Probationary employees will not accrue vacation time during the probationary period. Once regular status has been granted at the completion of the probationary period, vacation time is calculated from the date of employment. No vacation may be taken until the employee has completed at least six months in regular employee status.
- 2020.11 Vacations are provided by the District to employees as a period of exemption from work with pay for the purpose of rest, relaxation and recreation. This respite is a benefit and is intended as an aid in maintaining the long-term and consistent productivity and contentment of the employee.
- 2020.12 Employees who have taken seventy-five per cent (75%) of the vacation hours that they accrued in the previous twelve months have the option of requesting payment for the remaining twenty-five percent (25%) or any portion thereof.
 - 2020.12.1 These requests may be submitted to the office of the Manager of Administrative Services on November 1 and May 1 of each year with payment to be made with the first pay period of December and June.
 - 2020.12.2 The number of hours paid may not reduce the vacation balance to less than eighty (80) hours at the time of the request.

POLICY HANDBOOK

POLICY TITLE:

Sick Leave

POLICY NUMBER:

2040

2040.1 This policy will apply to probationary and regular employees in all classifications.

2040.2 Sick leave is defined as absence from work due to illness, non-industrial injury, or quarantine due to exposure to a contagious disease. In addition, dentist and doctor appointments and prescribed sickness prevention measures will be subject to sick leave provided prior notice is provided to the employee's supervisor and the Library Director.

2040.3 Full time regular employees will earn sick leave at the rate of one working day per month. Regular part-time employees working 20 or more hours per week will receive a pro-rata allocation of sick leave

2040.4 Sick leave is accrued at the second pay period of each month.

2040.6 Sick leave is not a privilege that an employee may use at his/her discretion, but will be allowed only in case of necessity and actual sickness or disability of the employee, or because of illness in his/her immediate family.

2040.6.1 The definition of "immediate family" will be the same as specified in Section 2050.3 of the *Bereavement Leave* policy (#2050).

2040.7 In order to receive compensation while on sick leave, the employee will notify his/her supervisor prior to the time for beginning the regular work day, or as soon thereafter as practical.

2040.8 A medical release from the treating physician is required for all absences of three or more work days, regardless of the sick leave balance; however the District reserves the right to request a medical release form for any absence taken.

2040.9 Illness while on paid vacation will be charged to sick leave rather than vacation only under the following conditions:

- 2040.9.1 The illness or injury of the employee was of a nature that would preclude the effective use of vacation and would prevent the employee from performing his/her normal work duties. A physician's statement is required.
- 2040.9.2 The employee must notify the Library Administrative Office within four (4) calendar days of the beginning of the illness or prior to the end of his/her vacation leave, whichever is sooner, to request that his/her illness on vacation be charged to sick leave.
- **2040.9.3** The District will be under no obligation to extend the vacation beyond the originally scheduled vacation ending date. Unusual cases can be brought to the Library Board of Trustees by the Library Director for review.
- 2040.10 The District provides a sick leave payoff plan upon termination, resignation or retirement as follows:
 - 2040.10.1 After ten (10) years of employment, twenty-five (25) percent of accumulated sick leave will be paid at the current salary.
 - 2040.10.2 After fifteen (15) years of employment, thirty-seven and one half (37.5) percent of accumulated sick leave will be paid at the current salary.
 - 2040.10.3 After twenty (20) years of employment, fifty (50) percent of accumulated sick leave will be paid at the current salary.
 - 2040.10.4 The maximum accumulated sick leave for this purpose is eight hundred (800) hours before calculations.
 - 2040.10.5 Sick leave payoff will be based on the amount of time employed in the District's salaried classifications.
- 2040.11 The District provides an incentive program for non-exempt employees for the accumulation of sick leave hours. Exempt employees are not eligible for this program.
 - 2040.11.1 For each calendar quarter that an employee has used no hours of sick leave he/she will receive four hours of vacation.
 - 2040.11.2 The sick leave incentive program based on an eight-hour day of a forty (40) hour work week. Employees working less than forty (40) hours per week will receive a pro-rata allocation of the sick leave bonus.
 - 2040.11.3 The sick leave bonus hours will be added to the vacation leave balance at the second pay period following the end of the calendar quarter.
