## **AGENDA**

#### PLACENTIA LIBRARY DISTRICT **BOARD OF TRUSTEES**

Monday, September 19, 2011 6:30 P.M. Meeting Room

The Vision of the Placentia Library District is to inspire exploration, open minds and bring people together.

The Purpose of the Placentia Library District is to provide services and materials to our ever changing and diverse community.

To accomplish this goal the Library will:

- $\Omega$ Provide a qualified staff to acquire, organize, and maintain a collection of print and nonprint materials in an easily accessible facility and assist the public with its use.
- Provide literacy outreach and services to the community.
- $\Omega$ Provide a special collection to document and preserve Placentia's History and Authors.
- Present programs and provide technology access to everyone in order to promote reading and lifelong learning.
- Promote the Library's vision through consistent messages to the public.

AGENDA DESCRIPTIONS: The Agenda descriptions are intended to give members of the public notice and a general summary of items of business to be transacted or discussed. The Board may take any action which it deems to be appropriate on the Agenda and is not limited in any way by the notice of the recommended action.

REPORTS AND DOCUMENTATION: Reports and documentation relating to Agenda items are on file in the Administrative Office and the Reference Department of Placentia Library District, and are available for public inspection. A copy of the Agenda packet will be available for use during the Board Meetings. Any person having any question concerning any Agenda item may call the Library Director at 714-528-1925, Extension 200.

IT Report for June/July 2011

DATE:

September 19, 2011

### **Activities Report:**

We started June badly when Server #1 crashed. The cause was we were dangerously low on disk space, not good for computers and even worse for servers. I purchased two new disks and software to allow us to reconfigure the disk space. This seemed to go all right but when we rebooted the server we got a disk error message. This led to a long series of conversations with Microsoft tech support who tried to get us past the error message. After a few days we told MS to forget about it and we would start over. Staff was able to work on their computers and we were able to check books in and out. The main problem was the public computers could not access the internet until the server was back up. In one day we had the server up but it took another few days to get them reconfigured. There were many small problems that added up to major headaches in trying to get back to normal. Old versions of software had to be upgraded, important files had not been backed up and needed to be recreated and with a new installation of the server software ALL of our computers had to become reacquainted with the server. This meant we had to go to each computer, delete the old connection to the server and create a new connection.

Lessons to be learned from this disaster are backup everything, don't ignore updates until you absolutely have to and don't overlook or ignore your changing hardware requirements. These problems can be directly attributed to the fact that IT was just one of the job responsibilities of previous Adult Library Services Managers and did not or could not get the attention required.

After the server was back up we attempted to reinstall the EIO Board, a server based program that allows staff to quickly show that they are IN or OUT and when they will be back, etc. We couldn't install the program because the license had not been renewed. Renewed the license and reinstalled. We should have a centralized system for keeping track of subscriptions/licenses. Some items were ordered by Vernon, some by Roger and some by Patrick (our consultant) and probably a few other people, so it is no wonder that we aren't able to keep track.

We started using our new web site support company, Ogosense at the end of June. They seem to be VERY good. After a lost week trying to have Network Solutions fix a serious problem, the web site was down, Ogosense took 5 minutes to get our site back up.

In July the server went down again during the weekend and it took several hours but they got it back up again. We have agreed to a free month's trial and also paid them \$100 to fix some of the more obvious problems. In a month or two we will probably agree to a service contract with them. In June the Summer Reading Program began and did not require any IT support to get underway.

### **Activities Report:**

The Summer Reading Celebration was another great success. We had a few technical difficulties which could have been prevented if we had had a dress rehearsal and/or specific instructions on what equipment is needed and how to set up for showing movies, slideshows, etc., in the various locations (meeting room, history room, main room and outside). These issues were brought up to staff and will be addressed.

Earlier this year we started backing up staff files using the internet to safely connect to an out of state location. Some files were hosted on our main server and some on individual computers. As a result, everyone's files were not backed up and/or backed up in a timely fashion. We started a test program with Yesenia to host all of her files on her computer. These files were then backed up (copied) to the main server and then, in turn, were backed up to the remote site. All of this is done by backup software on a schedule. This has worked out very well and we are now implementing the system for everyone.

There is a computer in the history workroom that contains thousands of old photographs that were scanned a few years ago by Jeanette Gardner. They have been backed up to many, many discs but not to another computer. The computer is, of course, pretty old and the hard drive sounds like it will not last much longer. Nadia has requested we backup this valuable resource to another backup device and I found one, a Network Attached Storage device (NAS), not being used in the server room. I'm now in the process of finding the proper software and will then install the device and begin backing up the collection. We can't back up to the web at the moment because we are just about at the allocated amount of storage we have paid for. We will need to upgrade to get more room for storage.

We always keep a few spare monitors around so we can get systems up quickly when an old monitor fails. The children's department monitors all seem to be about the same vintage and they fail in groups. I ordered six new monitors in August and have already used two of them.

Our Joomla consultant, Ogosense, took care of another incident with our web site and we have since entered into a service contract with them. We have chosen the lowest cost plan, \$29.95 a month, which takes care of some of our problems. Other problems are handled on a per hour basis. This may be the wrong choice because most of the problems we have had, so far, have fallen outside of the contract. We will see if we need to upgrade to the next level of service.

Placentia Library District's Digital Signage Policy #6075

DATE:

September 19, 2011

#### BACKGROUND

A proposed policy, Placentia Library District Policy #6075 — Digital Signage Policy was presented to the Library Board of Trustees at the May 16 and July 18, 2011 regular meetings. The Placentia Library District has a digital signage located at the Check Out desk which is used to promote and publicize library programs, events and services. The digital monitor is one of the most efficient and timely ways of delivering news to our visiting patrons.

At the July 18, 2011 meeting, the Library Board of Trustees approved the presented policy as a first reading.

Attachment A is the updated draft policy for the Library Board of Trustees' approval consideration.

Fiscal Impact: N/A

RECOMMENDATIONS

- Approve the proposed policy as presented inclusive of feedback from the Library Board of Trustees; and,
- 2. Adopt as Policy #6075 Digital Signage Policy.

SUBJECT: Naming/Sponsorships of Library Buildings and Departments Policy #6090

**DATE:** September 19, 2011

#### **BACKGROUND**

At the June 16 and July 18, 2011 Library Board of Trustees regular meetings, library staff presented a proposed policy to be accepted as a first reading. The Library Board of Trustees approved Policy #6090 as a first reading at the July 18, 2011 meeting.

Attachment A is the updated draft policy for the Library Board of Trustees' approval consideration.

Fiscal Impact: N/A

#### RECOMMENDATIONS

- 1. Approved the proposed policy as presented inclusive of feedback from the Library Board of Trustees; and,
- 2. Adopt as Policy #6090 -Naming of Library Buildings and Departments.

# Placentia Library District

# **POLICY HANDBOOK**

POLICY TITLE: POLICY NUMBER: Naming of Library Buildings and Departments

**R:** 6090

**6090.1** It is the Policy of the Placentia Library Board of Trustees to accept donations for facilities, site amenities, equipment and capital projects, and to recognize donors who make such donations by considering the naming of a library building or department, at the discretion of the Placentia Library District.

#### 6090.2 Naming Criteria.

6090.2.1

The Placentia Library District may name library buildings and departments as follows:

- When the Library Board of Trustees chooses to honor an individual for significant, outstanding contribution in keeping with the nature and mission of the Library.
- 6090.2.1.2 When the Library Board of Trustees chooses to accept the gift of a donor(s) who requests naming rights and who contribute a minimum of 51% of the total project costs, including construction, equipment, furnishings and collections for the building.
- 6090.2.1.3 No naming opportunities will be considered for corporations or religious entities.

#### 6090.3 Duration and Modification of Naming

6090.3.1

The duration of a donor's name on any building or in any department ordinarily continues for as long as the building or department is used in the same manner or for the purpose for which the naming occurred and with the approval from the Library Board of Trustees. Upon demolition, replacement, substantial renovation, redesignation of purpose, or similar modification of a named building or department, the Placentia Library District may deem that the naming period has concluded.

September 19, 2011 6090

- When a donor's naming period has concluded, the Library Board of Trustees has the rights to rename the building or department, in recognition of new gifts, subject to any specific terms and conditions set forth.
  - If a donor requests a change to the name of a building or department (e.g., due to divorce), the Placentia Library District will consider the request. If approved, all replacement signage and other related costs shall be at the donor's expense.
- In certain circumstances, the Placentia Library District reserves the right, on reasonable grounds, to revoke and terminate its obligations regarding a naming, with no financial responsibility for returning any received contributions to the donor.
  - othat the continued use of that name may compromise the public trust, dishonor the Placentia Library District's standards, or otherwise be contrary to the best interests of the Placentia Library District, the naming may be revoked.
  - 60903.3.2 Any proposal to rename a building or department or to add a second name in recognition of a gift shall be reviewed by the Library Board of Trustees.
- 6090.4 Donor means a company or individual who provides the District with funds, products or services.
  - Donor Agreement means that agreement between the District and the Donor that details the form, type and duration of any donor recognition.
  - 6090.4.2 District means Placentia Library District.

SUBJECT: Request from Relay For Life Placentia to Waive the Meeting Room

**Rental Fee** 

**DATE:** September 19, 2011

#### BACKGROUND

The Relay For Life Placentia committee submitted a request for a fee waiver. They would like to use the meeting room from September 2011 through August 2012 to conduct meetings for preparation and planning of the annual event.

Relay for Life began in the mid 1980s in Tacoma, Washington by Dr. Gordy Klat. His goal was to raise income for his local American Cancer Society by running marathons. While he continued to circle the track during the 24 hours, he envisioned a similar marathon for teams. Nineteen teams took part in the first team relay event and raised \$33,000. Today, there are over 3.5 million relayers in 5,000 communities who are helping to fight cancer and remember those loved ones who have lost their lives to the disease.

Relay for Life activities include survivors lap, luminaria ceremony, caregiver lap, fight back ceremony and other fundraisers. Teams of people camp out at a local high school, park, or fairground and take turns walking or running around a track or path. Relayers do not have to walk or run all night but each team is asked to have a representative on the track at all times during the event.

There are no ongoing reservations for the meeting room on Tuesday evenings, with the exception of infrequent reservations by the Altura Home Owners Association and the Fullerton Condominium Association. These groups can be easily relocated to the History Room.

Attachment A is the letter submitted by Lana Clay, Event Chair.

Fiscal Impact: \$240 Revenue Loss

#### RECOMMENDATION

Consider waiving the meeting room rental fee for the Relay for Life Placentia for the months of September 2011 through August 2012.

en de la companya de la companya de la companya de la companya de la companya de la companya de la companya de La companya de la companya de la companya de la companya de la companya de la companya de la companya de la co

To Whom It May Concern:

With the attached meeting room application, I'd like to further explain in detail why we are requesting the meeting room and how the library would be of service to our nonprofit organization.

It is our request that the nonprofit fee of \$20.00 be waived consecutively from the months of September 2011 through August 2012. The American Cancer Society does not fund meeting room expenses and Placentia's Relay for Life committee does not have the funding to allocate this need.

The committee is made up of all volunteers, primarily from the city of Placentia. All of the committee members give up their time to plan this year round event and are extremely dedicated. It is vital for the committee to have a stationary and consistent meeting place so we can prepare for the year accordingly and most importantly be successful.

Last year, our meetings bounced around throughout the town and it was extremely difficult for our committee to get planning done in an adequate manner.

We would be extremely grateful to have an opportunity to have our meetings at the Placentia Library on Tuesdays from 7:00pm-8:00pm. Mayor Nelson has also expressed his support for Relay for Life Placentia, and we would like to fulfill his perception of Relay and continue making positive strives to better next year's Relay. This is an opportunity for the Placentia Library and Relay for Life to work together to provide both meaningful and helpful services to the citizens of Placentia. Please consider our request and if you have any further questions feel free to contact me.

Kind Regards,

ana Clay

Easter Eggcitment

DATE:

September 19, 2011

#### **BACKGROUND**

The Placentia Library District has been hosting an Easter Egghunt for several years. Due to budget constraints, the City no longer provides this program to the community. As a result, the Library partnered with the Rotary, the City, Friends Foundation and the Women's Roundtable Club to continue the tradition for the many families of Placentia.

The Library's responsibilities included providing storytime, arts and crafts, volunteers, publicity and promotion, and attending meetings. Our partners assisted with the funds for the candy, decorations and plastic eggs and volunteers. The Rotary hosted a pancake breakfast for participants.

A committee has been formed with our partners to revamp and expand the event which would offer more activities for families to enjoy. The Library and Rotary are co-chairs for the 2012 Easter Eggeitement event. With the expansion plan, the Library's new responsibilities would include management & coordination of event, additional publicity and promotion, cotton candy, and snow cones.

We are pleased to confirm our understanding of the services we are to provide to the Placentia Library District (District) for the year ended June 30, 2011. We will audit the financial statements of the governmental activities and major fund, which collectively comprise the basic financial statements of the District as of and for the year ended June 30, 2011. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis.
- 2) Budgetary Comparison Schedule General Fund
- 3) GASB required supplementary pension and OPB information

In addition to our audit of the basic financial statement of the District, we will also perform the following:

- 1). Prepare the Annual Financial Transactions Report (State Controller's Report)
- 2). Agreed upon procedures to review compliance with appropriations limit of Section 1.5 Article XIIB of the California Constitution.

#### **Audit Objective**

The objective of our audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the first paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of the accounting records and other procedures we consider necessary to enable us to express such opinions. If our opinions on the financial statements are other than unqualified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

#### Management Responsibilities

Management is responsible for the basic financial statements and all accompanying information, as well as all representations contained therein. You are also responsible for making all management decisions and performing all management functions; for designating an individual with suitable skill, knowledge, or experience to oversee our assistance with the preparation of your financial statements and related notes and any other nonattest services we provide; and for evaluating the adequacy and results of those services and accepting responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; and for the fair presentation in the financial statements of the respective financial position of the governmental activities and major fund and the respective changes in financial position in conformity with U.S. generally accepted accounting principles.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud or illegal acts affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws and regulations. You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

#### Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. We will plan and perform the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity.

Because an audit is designed to provide reasonable, but not absolute, assurance and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us. In addition, an audit is not designed to detect immaterial misstatements, or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform you of any material errors and any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform you of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

Our responsibility, as auditors, is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

### Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

#### Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with applicable laws and regulations and the provisions of contracts and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion.

# Engagement Administration, Fees, and Other

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

We expect to begin our audit on approximately November 7, 2011, and to issue our reports no later than December 31, 2011. Linda C. Hurley is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it. Our fee for these services will be at our standard hourly rates plus out-of-pocket costs (such as report reproduction, word processing, postage, travel, copies, telephone, etc.), except that we agree that our gross fee, including expenses will not exceed \$12,500. Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed

our report. You will be obligated to compensate us for all time expended and to reimburse us for all outof-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

We appreciate the opportunity to be of service to the District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

MACIAS GINI & O'CONNELL LLP

### SYSTEM REVIEW REPORT

May 14, 2009

To the Partners of Macias, Gini & O'Connell, LLP and the Peer Review Committee of the American Institute of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Macias, Gini & O'Connell, LLP (the "firm") applicable to non-SEC issuers in effect for the year ended March 31, 2009. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants. The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review. The nature, objectives, scope, limitations of, and the procedures performed in a System Review are described in the standards at <a href="https://www.aicpa.org/prsummary">www.aicpa.org/prsummary</a>.

As required by the standards, engagements selected for review included engagements performed under the *Government Auditing Standards* and audits of employee benefit plans.

In our opinion, the system of quality control for the accounting and auditing practice of Macias, Gini & O'Connell, LLP applicable to non-SEC issuers in effect for the year ended March 31, 2009, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting with applicable professional standards in all material respects. Firms can receive a rating of pass, pass with deficiency(ies) or fail. Macias, Gini & O'Connell, LLP has received a peer review rating of pass.

SUBJECT: Blinds and Window for Supervisors and Staff Offices

DATE: September 19, 2011

## BACKGROUND

There are currently three supervisors who oversee the public service desk operations of Adult, Children's and Circulation. Recently, we have been able to provide each supervisor an office to perform their work and conduct personnel and confidential meetings. In addition, we have also provided office desks for a Librarian I, Teen Services and an Adult Services part-time Library Assistant. The desks for these two employees are located in the former Literacy Office area and are right by the windows within plain view of the public. There is no privacy for these employees.

We would like to request the following for the offices of the employees listed below:

- New window and blinds for the Adult Services Librarian II
- Blinds for the Circulation Services Supervisor
- Blinds for the former Literacy Office which currently occupies as staff offices.

Fiscal Impact: \$3,000

# RECOMMENDATION

Authorize library staff to install a window for the Adult Services Librarian II office and blinds for staff offices as presented.

Plumbing System Assessment and Possible Replacement

DATE:

September 19, 2011

### BACKGROUND

According to City Hall records, the Library filed for a plumbing permit on June 17, 1980 through a company called Manwill Plumbing. This company is no longer in business. No description of the job performed and services provided was reflected in the permit document. Library staff found no documentation of the plumbing system being serviced since the permit was issued.

The main water line located above the false ceiling is generating a rattling noise resulting from the flushing of the toilet. The causes for the rattling sound differ depending on the location. One cause may be due to the pressure of water running through a loosely attached pipe, causing it to vibrate. When a loose pipe vibrates against something solid, like framing or the strapping designed to hold it tightly, a rattling sound occurs. Another cause may be that the waterlines are not installed properly or if it is discovered that it's due to the toilet flush, the cause may be due to defective equipment like the valve, fluid master unit or balltap.

The Library does not have the proper resources to conduct an assessment of the current plumbing system. This task would require the knowledge and expertise of a plumbing professional. It is highly recommended that the Library moves forward with obtaining an assessment to determine the existing state of the plumbing system and pipes and solutions to correct the rattling noise and other possible problems. Further delay may result in major structural damages and unnecessary costs.

Fiscal Impact: Unavailable at this time.

### RECOMMENDATION

Authorize library staff to solicit request for proposals to conduct an assessment of the Library's existing plumbing system and pipes and possibly replace the system.

Information Technology (IT) Assessment and Procurement of Services

DATE:

September 12, 2011

### BACKGROUND

The Placentia Library District has had Hoang Services provide computer consulting services. The previous Library Services Manager also provided the Library with some IT assistance. Since the Library Services Manager's departure, Trustee Shkoler has volunteered his IT expertise and provided recommendations to the Library Director. Trustee Shkoler sought assistance from Hoang Services when necessary. We would like to explore what other options are available to provide great service at a reasonable cost.

The City, after a number of years using the City of Brea IT department, recently engaged a different company, Synoptek, to provide IT service. Trustee Shkoler and I met with Synoptek, as well as Anaheim's IT consultant, Hewlett-Packard Company. Synoptek has offered us some free consulting time with their server engineer to review our IT needs, including a new email server and provide recommendations. Both companies have recommended an assessment of what equipment we have, what we do now and what options are available to us that will provide optimal management and control in the future. These companies are aware there is no commitment from the Placentia Library District to secure their services at this time.

Fiscal Impact: Unavailable at this time.

### RECOMMENDATION

Authorize library staff to solicit request for proposals to conduct an assessment of the Library's existing IT infrastructure with a possibility of procuring services to maintain and manage the Library's IT system.

SUBJECT: Request from the Placentia Library Friends Foundation (PLFF) – Recognition

for Margaret Cooper

**DATE:** September 19, 2011

# **BACKGROUND**

PLFF recently received a \$10,000 donation from the estate of Margaret Anne Cooper. Ms. Cooper was a former teacher at Valencia High School, Orange County Juvenile Hall, and Fullerton College.

PLFF would like the Library Board of Trustees to consider honoring or recognizing Ms. Cooper in some manner. Ideas will be discussed at the meeting.

# RECOMMENDATION

Discuss recognition opportunities for Ms. Margaret Cooper who donated \$10,000 to the Library.

Point of Service Desk Business Model

DATE:

September 19, 2011

### BACKGROUND

The service desk function performs a number of critical tasks. The professionalism, communication skills and overall attitudes of the service desk personnel will reflect upon the entire Placentia Library District organization and serve as the measure by which our business is judged. Part of the Circulation Desk will be designated as the point of service desk, or Help & Information desk.

The benefits of the Help & Information desk designation include:

- Provide a "one stop" environment for our patrons.
- Extend at least basic reference services to all hours of library operation.
- Respond to on-site service trends.
- Provide an efficient and flexible staffing solution.
- Provide more dedicated time for professionals and paraprofessionals to plan, prepare, coordinate, manage, implement, and assess services and programs.

The Help & Information Desk would provide the following services:

- Answer directional questions, e.g., where's the bathroom, where are the large print, etc.
- Answer general questions, e.g., what are the passport office hours, when is the next booksale, etc.
- Assist with retrieving materials, e.g., I'm looking for a John Grisham book, can you help me find *Tuesdays with Morrie*, etc.
- Process library card applications
- Handle other non-technical assignments

Cross-training will be provided to staff before we move forward with the Help & Information Desk model. It will help better equip staff with more knowledge and a comprehensive understanding of all the Library's services and program so that we can effectively promote the Library. New signages for the Help & Information Desk and other desks will need to be purchased.

Fiscal Impact: Estimated \$2,000

### RECOMMENDATIONS

- 1) Discuss the new Point of Service Desk Business model and incorporate the Library Board of Trustees' feedback into the new model; and,
- 2) Authorize library staff to order signages for the public service desks and public area, including Circulation, Children's Adult, and Passport Office.
